Dr. Mandy Boehnke / Prof. Dr. Matthias Wingers

University of Bremen, Summer Term 2018
 Tuesday, 4-5.30 pm
 BIGSSS Conference Room 73280
 (Mary-Somerville-Str. 7)

The colloquium offers the opportunity to present current issues (could be questions regarding your methods design as well as theoretical problems), (first) results of individual dissertation projects or drafts of conference or journal papers and to discuss them with fellows and faculty. Presenters should make clear what they want from the discussion and send these expectations together with at least an abstract of their topic one week in advance. The presentation should not exceed 30 minutes. Typically, presentations will get a short comment by an expert faculty member or fellow to be followed by an open discussion with the audience.
