

BIGSSS Doctoral Colloquium@UB

University of Bremen, Winter Term 2020/21

Mondays, 2-4 pm

via Zoom, <https://zoom.us/j/98266944212?pwd=MUFpK2ZrZ2VxTHU4SFpsaWdvRytnUT09>

Organizers: Dr. Steffen Bandlow-Raffalski / Dr. Mandy Boehnke

Goal and Format

The colloquium offers the opportunity to present current issues (could be questions regarding your methods design, theoretical framework etc.), (first) results of individual dissertation projects or drafts of conference or journal papers and to discuss them with fellows and faculty. Presenters should make clear what they want from the discussion and send these expectations together with at least an abstract of their topic to the participants. The presentation itself should not exceed 25-30 minutes. Typically, presentations will get a short (5-7 min) comment by an expert faculty member or fellow to be followed by an open discussion with the audience. The fellows-first rule applies.

Please circulate your papers etc. one week before the scheduled presentation!
