

Field B Doctoral Colloquium (*BIGSSS*, winter term 2017/18)

Tuesday; 4.00 pm (sharp) – 5.30; Unicom, BIGSSS Conference Room 7.3280

Prof. Dr. Matthias Wingens (mwingens@bigsss.uni-bremen.de; phone: 218-66350)

Presentations may refer to current dissertation issues (could be design questions as well as theoretical or methodical problems), (first) results of individual dissertation projects or drafts of conference or journal papers. Presenters should make clear what they want from the discussion and send these expectations together with their paper (at least an abstract of their topic) one week in advance.

Presentations should not exceed 30 minutes. Typically, presentations will get a short comment by a fellow or faculty member (chosen by the presenter) to be followed by an open discussion with the audience.

The rule 'fellows first' applies (except for the proposal defenses)!

October 17	organizational issues and finalization of the program
October 24	Carlo Knotz: Any job is a good job? The development of conditions and sanctions for the unemployed in OECD countries, 1980–2012
